ODA in Economic Cooperation
In FY 2017, 86% of JICA’s overall budget is allocated to Finance and Investment operations.

**Finance and Investment**

(ODA Loans and Private-sector Investment Finance)

- JICA provides ODA Loans with concessional conditions (similar to development finance provided by Multilateral Development Banks, etc.) for developing countries to finance investment for development.

**Technical Cooperation**

- By sharing Japan’s technologies and expertise, technical cooperation aims to foster the human resources who will lead economic and social development in developing countries.

**Grant Aid**

- Assistance in the form of grants with no repayment obligations to provide the goods and services necessary for economic and social development in developing countries.

Fiscal year runs from April to March next year.
## JICA’s Vision

Distribution by region (FY2017)  
Unit: %, ¥ billion

Distribution by sector (FY2017)  
Unit: %, ¥ billion

Note) In some cases, the numbers do not correspond to the figures reflected in the "Total" section because of rounding estimates.

*1 Technical Cooperation expenses include Technical Assistance expenses managed under the Finance and Investment Account budget, but exclude administration costs.

*2 Total commitment amounts of ODA Loan and Private-Sector Investment Finance. Commitments with the African Development Bank and the African Development Fund are included in "Africa" not "Others."

*3 Amount of concluded Grant Agreements. However, for projects running over several fiscal years, the maximum amount allowed for each fiscal year is counted for that fiscal year.
